

ISSIA-40W5959 Series
High Efficiency Panels

Features

- Comply with CE, RoHS requirement.
- Save approximately 80% energy compare to traditional bulbs, remarkable economical benefit.
- High-power LED with special heatsink, which has large space, light weight, good convection, good heat disipation, low temperature and long lifespan.
- CRI is very high, the reflected color is closer to natural light.
- Low temperature, non-ultraviolet and infrared radiation, environment friendly and enery saving.

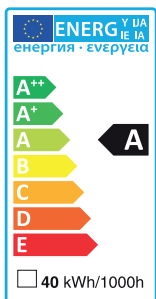

Specification

Commodity	LED square panel
Model	ISSIA-40W5959-Bx
Size	ø595 x 595 x 9mm

Parameters

Plastic parts	PC + fiber PC
Heat sink	6063 Aluminium
Color	White
Lens angle	140°
LED source	4014 SMD
LED quantity	192pcs
Power	38W
Light flux	±3800lm
Color temperature	4000K
Working voltage	AC200-240V/Dimmable
Expected life	±40,000hr
Certificates	CE RoHS

Application

Replace tradional lighting in office, hospital hotel, shopping mall, etc.
